

6th CONFERENCE ON IMAGE-GUIDED INTERVENTIONS (IGIC)

OCTOBER 19 & 20, 2023 | CUBEX ONE | Franz-Volhard-Str. 5 | 68167 MANNHEIM

CALL FOR ABSTRACTS

The two Research Campuses M²OLIE and STIMULATE cordially invite all interested scientists, physicians and engineers to join the discussions about the latest research results in an inspiring atmosphere. The conference covers the topics that are central to the scientific research at the two Research Campuses and aims to promote the interdisciplinary exchange of experiences.

Participants are invited to submit abstracts on their current research and developments that fit the scope of the conference:

Cutting-edge image-guided interventions and data analytics

- Medical image analysis and computer-aided diagnosis
- Data analytics and radiomics
- Applications of Photon Counting CT
- New developments in image-guided Interventions (MRI, CT, angiography, and robotics)
- Virtual and augmented reality in medical imaging

The conference language and submission will be in English. After a peer review process, authors will be notified whether they may present their submissions at the conference.
